

Quality Policy

It is the policy of Rogue Valley Microdevices, Inc. to be a world class provider of high-quality manufacturing and engineering services to the microelectronics industry.

This Quality Policy provides a framework for establishing and reviewing quality objectives.

The established quality policy will be communicated and understood within the organization, and we will ensure that they remain appropriate to our purpose.

We are committed to satisfying our customers and meeting the requirements of ISO 9001:2015.

We will continually improve the effectiveness of our quality management system in order to better serve our customers.
